SYRACUSE WINS BOAT RACE. Columbia Crew Second and Cornell Close

Poughkeepsie, N. Y., June 29 .- Syracuse yesterday justified the confidence of her friends. For the second time in her career she won the eight-oar varsity race over the intercollegiate course, repeating her victory of 1904.

Between four of the five competing crews the four-mile race was one of the closest ever seen on the Hudson river. At the two and a half mile mark, so desperately was the victory contested at that point, Syracuse, Columbia, Pennsylvania and Wisconsin were almost neck and neck. A boat length would have covered the distance between the leaders and the last of the four shells at that

At the finish the honors all lay be tween the three universities of New York state. Syracuse could not be overcome, but it was Columbia that forced the Onondagans to their best pace and who finished barely a quarter of a length behind the winner after having made a strong bid for the first place, and it was Cornell's crew, from which the wiseacres of this year hardly expected so much, that put up a game race with Columbia and finished only about a length in the wake of the Morning Side crew.

Columbia's splendid performance was not unlike that of a year ago, when she crowded Cornell right down to the line and only missed the victory by the narrowest of margins.
